APPROVAL OF DRAFT FINAL FEASIBILITY STUDY REPORT FOR SITES 1A-1, 1111, AND 12 AREA, SITE 13, OPERABLE UNIT 5, MARINE CORPS BASE (MCB) CAMP PENDLETON

Dear Ms. Morley:

The Department of Toxic Substances Control (DTSC) has reviewed the subject document dated September 29, 2005 which was prepared by Parsons on behalf of Naval Facilities Engineering Command – Southwest Division. Operable Unit 5 (OU 5) consists of eight sites; however this Feasibility Study (FS) report covers three sites within OU 5 at MCB Camp Pendleton. The sites evaluated in the FS include Site 1A-1 (Refuse Disposal Area adjacent to Site 1A), Site 1111 (Burn Ash and Refuse Disposal Area), and 12 Area, Site 13 (Former Mess Hall and UST).

DTSC is satisfied that its comments raised in the April 4, 2005 and August 19, 2005 letters on the draft document have been adequately addressed and hereby approves the final FS as written.

If you have any questions, please call Mr. Tayseer Mahmoud, Senior Hazardous Substances Engineer, at (714) 484-5419.

Sincerely,

Emad B. Yemut, P.E., Unit Chief
Office of Military Facilities
Southern California Operation Branch
